Managing Director's Report For the Half-Year Ended 31 December 2024

Dear Shareholder,

I am pleased to present this report for Associate Global Partners Limited and its controlled entities (the **Group** or **AGP**) for the half-year to 31 December 2024 (**H1 FY2025**).

Overview of AGP

AGP is an independent, multi-boutique asset management firm that partners with, and promotes, high quality fund managers in the Australian managed investments industry.

AGP has developed a distribution platform that provides investment managers with an end-to-end distribution solution which promotes their brand and grows funds under management (**FUM**). AGP's platform consists of an experienced distribution team and access to the highly sought-after direct channel through its unique investor database.

The Group is building an ecosystem that is seeking to attract the best managers and talent because of its broad and deep investor base spanning advisers, consultants and direct investors. And AGP will attract, broaden and deepen its customer base because it is trusted and delivers the best managers, leading to valuable investor outcomes. The Group believes it is in a unique position to pursue and achieve this objective.

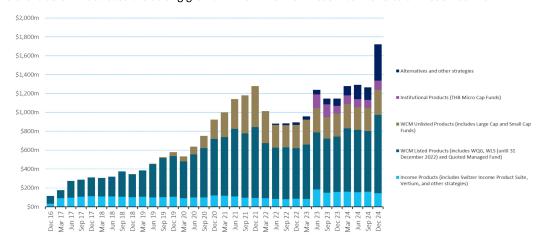

AGP continued to progress its strategic objectives in H1 FY2025, benefiting from overall improvement of global investment markets and subsequently improved investment performance, especially in the WCM Large strategies. AGP is progressing with several growth initiatives with the objective of growing FUM and achieving profitability in the near term, while continuing to invest in the business and broadening our investor base.

Funds Under Management¹

The Group's FUM grew significantly to \$1.721 billion at 31 December 2024 (31 December 2023: \$1.147 billion).

The key driver of growth was the significant strength in overall performance of the large cap strategies managed by WCM Investment Management, LLC (WCM), the completion of a Share Placement (Placement) and Share Purchase Plan (SPP) by WCM Global Growth Limited and the continued strong growth in FUM for the Vinva Global Systematic Equities Fund (Vinva Fund) managed by Vinva Investment Management (Vinva).

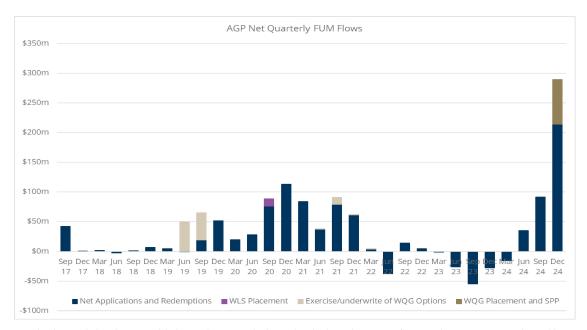

The chart below illustrates the strong growth in FUM from 31 December 2016 to 31 December 2024:

1 All FUM and flows information is approximate, rounded, and has not been audited. FUM information is provided by AGP's appointed custodian, APEX group, appointed registry, MUFG Penson and Market Services and Specialised Private Capital Limited.

In contrast to the first half of FY2024, total net inflows for the first half of financial year 2025 were significantly improved. The December 2024 quarter represented the largest quarterly net inflow period (\$289.6 million) for AGP since the transition of the Company from a manufacturer of financial products to a distributor in 2017, highlighting the strength of the Company's diversified product suite and the strength of relationships with advisers, consultants and investors. The chart illustrates the quarterly net inflows and outflows since September 2017.

NB: The chart excludes: the WCM Global Long Short Limited selective buy-back in July 2021; outflows in relation to Switzer Higher Yield Managed Fund, Mittleman Global Value Equity Fund and THB International Microcap Fund closures; the transition of the Woodbridge Private Credit Fund to Equity Trustees in August 2024; and payments and reinvestment of dividends and distributions. Overview of Results and Operations

The Group's total revenue for the half-year to 31 December 2024 was \$3,338,000 (31 December 2023: \$3,115,000). This result has been driven primarily by favourable market conditions and FUM growth. These factors resulted in significantly higher FUM over H1 FY2025, on the back of more buoyant global markets and the distribution and marketing efforts of the Company to grow FUM across its range of strategies.

The Group's net loss after tax for the half-year to 31 December 2024 was \$413,000 (31 December 2023: net loss after tax of \$334,000). Excluding one off costs associated with the WQG Placement, the Group's net loss after tax for the half-year to 31 December 2024 was \$183,000. This adjusted net loss after tax for the half-year to 31 December 2024 represented a 45% decrease in the net loss after tax compared to the prior corresponding period.

Investment management, service and performance fees for the half-year period totalled \$3,236,000 (31 December 2023: \$2,986,000). This represented an 8% increase as a result of the increase in the Group's FUM, improved service fee revenue generated through the Group's direct and wholesale investor platform and growth in revenue from WCM compared with the previous corresponding period, as well as contributions from Vinva, Vertium and THB.

As at 31 December 2024, the Company's cash balance totalled \$4.257 million, and loan debt was \$1.745 million.

Global Equity Update

WCM is a global and international equities specialist with total FUM of over A\$148 billion (as at 31 December 2024). Based in Laguna Beach, California, WCM's investment process is based on the belief that corporate culture is the biggest influence on a company's ability to grow its competitive advantage or 'moat'. This investment process has resulted in the WCM Quality Global Growth Equity Strategy Composite outperforming the MSCI World Index by 4.30% per annum since inception in 2008.

AGP has an exclusive retail distribution arrangement to distribute WCM's investment strategies into the Australian market. WCM's superior investment performance has contributed to the Group's growth in FUM and will continue to be a key factor in driving future inflows. Since partnering with AGP in June 2017, WCM now has over \$1.095 billion (31 December 2024) in FUM across its suite of retail and wholesale products, serving over 10,000 Australian retail and wholesale investors.

WCM Quality Global Growth Equity Strategy Composite²

WCM Quality Global Growth Equity Strategy Composite is WCM's "large cap" strategy which delivered a return of 21.88% over the half-year period, significantly outperforming its benchmark, the MSCI All Country World Index (Benchmark), by 7.79%. To 31 December 2024, the WCM large cap strategy outperformed the benchmark over one, five and ten years and since inception.

The WCM Quality Global Growth Equity Strategy (ex-Australia) is accessible to Australian retail investors through the Group's three investment products, being: a listed investment company, an exchange-traded managed fund, and an unlisted managed fund which offers both hedged and unhedged units.

Each investment product provides exposure to the same underlying portfolio of quality global companies managed by WCM.

² Source: WCM. Data as at 31 December 2024 in AUD. Performance presented is net of fees and includes the reinvestment of all dividends and income. Past performance is not indicative of future results. Returns for periods of more than one year are annualised. Inception date of the WCM Quality Global Growth Equity Strategy Composite is 31 March 2008. WCM applies the same investment principles, philosophy and execution approach of its WCM Quality Global Growth Equity Strategy Composite to WCM Global Growth Limited (WQG), the WCM Quality Global Growth Fund (Quoted Managed Fund) (WCMQ) and the WCM Quality Global Growth Fund (Managed Fund). It should be noted that due to certain factors, there may be variances between the investment returns demonstrated by each portfolio in the future. Past performance is not indicative of future performance. The benchmark for WCM Quality Global Growth Equity Strategy Composite is the MSCI All Country World Index (MSCI ACWI Index). For further information please refer to associateglobal.com.

WCM Global Growth Limited (WQG)

WQG is an ASX listed investment company. During the reporting period, the pre-tax net tangible asset (NTA) value per share of the company increased from \$1.74 as at 30 June 2024 to \$1.93 as at 31 December 2024. The increased NTA was after the payment of a 1.81 cents per share dividend (100% franked) paid on 30 September 2024 and a 1.83 cents per share dividend (100% franked) paid on 31 December 2024.

WQG has declared an increased FY2025 interim dividend of 1.87 cents per share to be paid on 29 March 2024, following which its present intention is to pay the following quarterly dividends, fully franked at a 30% tax rate:

- 1.89 cents per share for the quarter ending 31 March 2025, to be paid in June 2025.
- 1.91 cents per share for the quarter ending 30 June 2025, to be paid in September 2025;
- 1.94 cents per share for the quarter ending 30 September 2025, to be paid in December 2025; and
- 1.96 cents per share for the quarter ending 31 December 2025, to be paid in March 2026.

The increased fully franked FY2024 interim dividend and WQG's progressive quarterly dividend policy are important initiatives to add shareholder value as they increase the amount and frequency of dividends and provide WQG shareholders with dividends sooner than would otherwise be the case.

In November 2024, the Company successfully completed a share placement (Placement) and Share Purchase Plan (SPP) which raised approximately \$76.7 million before costs from professional and sophisticated investors, as well as 1,491 existing, eligible WQG shareholders. Approximately 49.2 million new shares were issued from the Placement and SPP. The Board of WQG was pleased with participation in both the Placement and SPP, and believe there are several benefits for new and existing shareholders such as:

- a larger market capitalisation of the Company which should lead to increased liquidity;
- increased size and relevance of the Company in the marketplace;
- a more diverse shareholder base through the Introduction of new investors and financial planning groups to the Company; and
- economies of scale on some operating costs.

WQG has invested the proceeds from Placement and SPP in accordance with its investment strategy managed on behalf of WQG by WCM. As at 31 December 2024, WQG had total assets of approximately \$436 million.

WCM Quality Global Growth Fund (Quoted Managed Fund) (WCMQ)

WCMQ is an exchange-traded managed fund. It has been well supported in the direct and intermediary channels and is approved for use on several leading wealth platforms.

On 31 December 2024, WCMQ's FUM reached over \$393 million, growing by 25% from December 2023, predominantly due to improved market conditions and investment performance.

WCM Quality Global Growth Fund (Managed Fund)

The WCM Quality Global Growth Fund (Managed Fund) is accessible to retail investors via several wrap platforms.

The fund also has Class B units which are hedged back into Australian dollars to reduce the risk associated with exposure to international currencies. The Class B units have been awarded a 'Recommended' rating by a leading research house.

On 31 December 2024, the unhedged class of units had FUM of approximately \$128 million and the hedged class of units had FUM of approximately \$93 million, together representing growth in the WCM Quality Global Growth Fund (Managed Fund) by a combined total of \$47 million, up 27% from December 2023.

WCM International Small Cap Growth Strategy Composite³

The WCM International Small Cap Growth Strategy Composite delivered a return of 9.80% during the six-month period to 31 December 2024, outperforming its benchmark, the MSCI ACWI ex USA Small Cap Index, by 1.08%.

Annualised returns of the WCM International Small Cap Growth Strategy Composite versus its benchmark are shown below³:

WCM International Small Cap Growth Fund (Managed Fund)

The WCM International Small Cap Growth Fund (Managed Fund) (**WCMS**) is a retail fund targeted at leading wealth managers and high net worth investors.

At 31 December 2024, WCMS had FUM of approximately \$46 million (30 June 2024: \$58 million), declining from June 2024 primarily due to client redemptions following difficult market conditions for small cap strategies over the medium term.

³ Source: WCM. Data as at 31 December 2024 in AUD. Performance presented is net of fees and includes the reinvestment of all dividends and income. Past performance is not indicative of future results. Returns for periods of more than one year are annualised. WCM applies the same investment principles, philosophy, and execution approach of its WCM International Small Cap Growth Strategy Composite, which was created 31 December 2014, to the WCM International Small Cap Growth Fund (Managed Fund). The benchmark for WCM International Small Cap Growth Strategy Composite is the MSCI ACWI ex USA Small Cap Index. For further information please refer to www.associateglobal.com.

Vertium Asset Management

Distribution and marketing activities for Vertium Asset Management (**Vertium**) continued over the reporting period, with roadshow activity held in most capital cities as part of the efforts to grow FUM.

During the September 2024 quarter, Lonsec Research reaffirmed a 'Recommended' rating for the Vertium Equity Income Fund (Vertium Fund).

Over the six months to 31 December 2024, the Vertium Fund returned 2.2% (excluding franking credits) compared with the benchmark, the S&P/ASX 300 Accumulation Index, which returned 6.9%. With franking credits included, the six months return to 31 December 2024 is 3.2%.

Vinva Investment Management

Following the successful launch of the Vinva Fund in May 2024, the Vinva Fund was a significant contributor to FUM growth over the reporting period.

Following the announcement of the establishment of a strategic partnership between Magellan Financial Group Limited (Magellan) and Vinva in August 2024, the Company and Specialised Private Capital Limited mutually agreed to cease the Distribution Agreement to distribute Vinva funds (Agreement) effective 31 October 2024.

The cessation of this Agreement will not have a material impact on AGP, with revenues from the Agreement accounting for only 4.8% of the Company's FY2024 revenue and less than 5% of expected revenue for FY2025. As part of the cessation of the Agreement, AGP will be paid a termination sum of \$300,000 plus continuation fees until the earlier of:

- the effective retirement by SPC as responsible entity of the Vinva Fund and the effective appointment of Magellan as the replacement responsible entity of the Vinva Fund; or
- the appointment of Magellan as the sole distributor of the Vinva Fund.

Switzer Product Suite

Switzer Dividend Growth Fund (Quoted Managed Fund) (ASX:SWTZ)

Distribution and marketing activities continued during the reporting period to educate existing and prospective investors on SWTZ.

Activities over the reporting period have included video and written communications to existing and prospective investors, advertising and webinars, as well as meetings with several adviser and broking groups in New South Wales, Victoria, Queensland and Western Australia.

SWTZ is currently under consideration for inclusion in several Exchange Traded Fund models with adviser groups based in Western Australia and Queensland. Inclusion in these models will support FUM growth for SWTZ over the medium term.

Pleasingly, SWTZ was a small, positive contributor to Company FUM growth during the December 2024 quarter.

Over the six months to 31 December 2024, the fund delivered a return of 2.61%, compared with the benchmark return of 7.10%.

Over the past 12 months, SWTZ has paid a distribution yield of 10.79% or 12.18% including franking credits. Distribution yield is calculated as the distributions received over the 12 months to 31 December 2024 relative to the SWTZ unit price at the beginning of the period.

Quality Retail Investor Base

As at 31 December 2024, AGP was proudly serving 11,927 investors across its product suite.

The Year Ahead

AGP's strategic priorities for the remainder of this financial year and into the next include continued growth in our investment manager partnerships, broadening our customer base and developing products that capture investor interest.

The Group's future results will primarily reflect market movements and the Group's ability to grow and retain FUM across its expanding product range. This will be supported by a continued commitment to invest prudently in the growth of the business, its people, customer base and capabilities, while maintaining a continued focus on cost control.

With a rationalised and reinvigorated product suite, the Company was able to improve FUM growth significantly over the reporting period, providing the Group with an excellent position to accelerate growth in the short and medium term. We aim to increase annualised revenues with strict cost control and expect to reach positive cash flow and profitability in the near term.

Yours Sincerely

Marty Switzer

Managing Director

Directors' Report

The Directors of Associate Global Partners Limited (the Company) present their report on the Company and its controlled entities (the Consolidated Entity or the Group) for the half-year to 31 December 2024.

Directors

The following persons were Directors of the Company during the whole of the half-year to 31 December 2024 and up to the date of this report unless otherwise stated:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS For the Half-Year Ended 31 December 2024

NOTE 1: STATEMENT OF MATERIAL ACCOUNTING POLICY INFORMATION

The following is a summary of material accounting policies adopted by Associate Global Partners Limited (the Company) and its controlled entities (the Consolidated Entity or the Group) in the preparation and presentation of the interim financial report. The accounting policies have been consistently applied, unless otherwise stated.

(a) Basis of preparation of the interim financial report

These general purpose interim financial statements for the half-year reporting period ended 31 December 2024 have been prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of the Group. As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2024, together with any public announcements made during the following half-year.

These interim financial statements were authorised for issue on the same date as the Directors' Declaration.

(b) Comparatives

Where necessary, comparatives have been reclassified for consistency with current year disclosures.

(c) Changes in material accounting policies

The interim financial statements have been prepared in accordance with the same accounting policies adopted in the Group's last annual financial statements for the year ended 30 June 2024. The accounting policies included in the Group's last annual financial statements for the year ended 30 June 2024 are the relevant policies for the purposes of comparatives.

(d) Rounding of amounts

The Company has applied the relief available to it under ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191. Accordingly, amounts in the financial statements have been rounded to the nearest thousand dollars (unless otherwise stated).

NOTE 2: DIVIDENDS

No interim dividend has been declared or paid in respect to the half-year ended 31 December 2024 (31 December 2023: nil).

a Movements in carrying amounts of right-of-use asset (continued)

The Group leased an office space in Sydney, with a lease term of four years which commenced on 1 July 2020 and ended 30 June 2024. The lease was subleased as an operating lease on 13 June 2023 until lease expiry and ended on 29 June 2024. The Group's new office lease, with a lease term of three years, started on 1 August 2023, however, the Group exercised its early access option during the rent-free period from 16 June 2023.

The Group does not have any leases that contain variable lease payments.

b Impairment testing

Goodwill acquired in a business combination is tested for impairment at every reporting date and when there is an indication that there may be impairment. The Group performed its impairment test for 31 December 2024.

In assessing whether there may be an impairment, an estimate of recoverable amount of the cash generating unit (CGU) has been made, which considers both the estimated fair value less costs to sell and the value in use of the CGU. The higher of fair value less costs to sell and value in use determines the recoverable amount, which is compared with the Group's carrying amount of the CGU.

The fair value less costs to sell the CGU has been estimated using a percentage of funds under management (**FUM**) approach, applying a multiple of between 1.2% to 1.4%, which is the same as last year. The FUM percentage was derived from trading data of comparable companies and transaction data from recent comparable company acquisitions that have occurred in the market

As a result of the above assessment, the recoverable amount has been estimated at the fair value less costs to sell the CGU and provides sufficient headroom over the carrying amount such that management did not identify any impairment for this CGU.

The Directors have not identified any indicators for impairment since 30 June 2024 to require impairment as at 31 December 2024.

INDEPENDENT AUDITOR'S REVIEW REPORT

TO THE MEMBERS OF ASSOCIATE GLOBAL PARTNERS LIMITED AND CONTROLLED ENTITIES

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Associate Global Partners Limited and Controlled Entities (the Group) which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, material accounting policy information and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Associate Global Partners Limited and Controlled Entities does not comply with the *Corporations Act 2001*, including:

- a. giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date, and
- b. complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity.* Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibility of the Directors' for the Financial Report

The directors of Associate Global Partners Limited and Controlled Entities are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the

Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations* 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
